## GIRLS PLAY TIE GAME IN FINAL CONTEST Leipsic and Columbus Grove Each Win a Half Cup Outcome Undecided!

Putnam County Sentinel – March 5, 1926

Leipsic and Columbus Grove girls started the final session Saturday night before a record-breaking crowd.

It was a close contest throughout with neither team being able to gain much of an advantage over the other in the way of a winning score. The final score stood 9 to 9.

According to the rules for girls' games, it is not customary to play overtime periods to decide games that end in a tie count.

This leaves the question as to who is entitled to the girls' cup for the next year in a state of uncertainty.

It has been suggested that the two teams play another game on the Armory floor sometime in the near future to settle the argument.

If Columbus Grove should win in such an event, it would gain a clear title to the cup forever. But Leipsic might be able to step in and prevent this outcome and claim the cup for itself for the period of one year from date.

This question will be definitely decided in some way when the

meeting is held at which a financial accounting for the tournament will be made.
