

Bad Weather – Good Games

Pandora Sleds to Columbus Grove

Pandora Times – January 29, 1920

Again the local girls and boys have romped home with a double victory.

This time it was at the expense of our friendly rivals in high school sports – Columbus Grove.

In spite of the inclement weather Friday night, the teams took a sled ride to our neighboring village and while there met the Columbus Grove high school girls and boys in basketball.

At no time were the scores close enough to cause any anxiety on our part except near the end of the first half of the girls' game when it was 4-4. However, in the second half the Pandora girls ran away from their opponents, annexing two field goals while Columbus Grove was kept busy in making one lonely foul basket. The final score was 5-9 in favor of the visitors.

The boys' game was a one sided affair. At the end of the first half Pandora held the big end of a 14-8 score. During the second half Columbus Grove succeeded in making one field goal and four free throws which counted, while Pandora threw eight – count 'em – field goals. The score at the final whistle stood 14 to 30 with the long end of the score in the hands of Pandora.
