

Fall Baseball League for County Schools to be Set Up

Putnam County Sentinel – April 20, 1951

A committee of three high school coaches has been named to set up a fall baseball league for ten county high school teams. The committee is composed of Elwood Wheaton, Ottawa; Mark Emerick, Continental; and James Stull, Vaughnsville.

Leipsic, Columbus Grove and Pandora will not participate in the league because of their football teams. The league is to be formed to take care of schools that do not play football but desire fall sports activity.

The league will have no bearing on spring baseball in which all 13 schools from the county will participate.

The committee will meet on April 30th to set up a schedule and select teams for each division. The schedule will be subject to the approval of participating schools.
