There are newspaper articles asking why the girls don't have tournament play beyond the county tournaments like the boys. A quote in the Putnam County Sentinel stated that "No plans have been made by the state management to hold district meets for the girls." This is also the first year that the PCT went to 5 sessions. In 1924 and 1925, there were 3 sessions. In 1926 and 1927, there were 4 sessions. Also, the coaches of the boys' teams played a preliminary game to the Putnam County Tournament finals as a special event for the evening. Can you imagine coaches today doing such a thing?

In a tie game, the team that made the most field goals was declared the winner. A quote from the Ohio High School Athletic Association stated that, "the state athletic association does not directly sponsor girls' tournaments, but tolerates their being held in connection with the regular county meets. Competition ends in such cases at the close of the county affairs."
